

MIND Alternative High School will now welcome students as of Secondary I

Montreal, January 11, 2023 – After many years of having to turn back junior students, MIND Alternative High School in the Plateau is excited to announce the extension of its program to welcome junior students as of the 2023-24 academic year.

MIND, a vibrant alternative high school since 1975, will now be able to welcome students from Secondary I to V who are independent, curious about the world and socially engaged. Applicants at MIND seek to enrich their academic experience by becoming actively involved in their own education and their community's development. MIND's alternative approach to teaching fosters individuality and openness, drawing in motivated and inquisitive students. Each stage of the educational process at MIND is performed with flexibility, from involving students in the designing of their assignments to extending courses and merging subjects.

In the small classroom setting, MIND students and staff create a microcosm where the academic expectations of the Quebec School Program are enriched by being grounded in real-life community projects and engagement. Together, students and teachers collaborate to explore, create, and innovate and reflection and debate are grounded in empathy and critical thinking.

For students who are ready to have their outlook valued, challenged and expanded, MIND may be the right choice! For more information call 514-842-0792 or visit www.mindhightschool.com/ to apply. MIND is located at 4563 St.-Urbain Street, in the same historic building as Bancroft Elementary School.

About the English Montreal School Board

With a youth and adult sector population of more than 35,000 students, the English Montreal School Board (EMSB) is the largest English public school board in Quebec. Established on July 1, 1998, when the province created new boards along linguistic lines, the EMSB network consists of 73 schools and centres. For more details, visit the EMSB website at www.emsb.qc.ca.
