Communication to Students and Parents	Other Pertinent Information	
<p>Progress Report Report Card Parent-Student-Teacher Interviews Email Google Classroom</p>	<p>The aim of Cycle One Geography is to give students an understanding of the physical and human features of the various environments on Earth. More specifically, the course is designed to facilitate development in the competencies outlined in the Quebec Education Program (QEP).</p> <p>Students will develop their knowledge of the complex relationships between humans and their environments in various parts of the world. Through the examination of case studies, students will develop their knowledge of these specific territories and their circumstances. They will examine environmental issues from various perspectives and develop a stance or propose solutions. As students are taught based on their individual needs and interests, course content is subject to change.</p> <p><i>The cross-curricular competencies evaluated this term are:</i></p> <ul style="list-style-type: none"> - to adopt effective work methods - to cooperate with others
